

St. Luke's Lutheran Church  
205 N. Prospect Ave.  
Park Ridge, IL 60068

Thank you for considering how great your part will be within St. Luke's ongoing commitment to Growing in Faith.

- Participation
- Financial Support
- Encouragement
- Prayers

Please prayerfully consider how you can be a part of the planning process for our facilities as well as our mission and ministries through your:

#### Your Involvement in the Process

This brochure is a tool designed to begin to inform the congregation about both plans, explaining where St. Luke's has been and where we hope to go. In Faith, we will build on this foundation of excellence. We have been considered a model for other congregations because of our ministries and the attractiveness of our facilities. As we continue Growing in Faith, we will build on this foundation of excellence. St. Luke's has a strong history of distinctive ministries and congregation and our community in the coming years. The facilities that will be needed to best serve our and revitalize current ministries, as well as expansion of this reflective planning will offer direction to redevelop upcoming Mission and Ministries Master Plan.

For more than a year, St. Luke's has undergone a process of self-reflection. The goal of this process is the development of the Facilities Master Plan that will complement and provide expanded support for the

#### Growing in Faith at St. Luke's

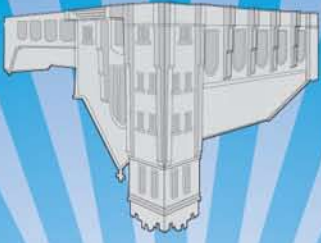

St. Luke's is committed to knowing Christ and making Christ known. We strive to develop a Christian community that invites and values all people, that nurtures growth with God and each other, and that encourages openness, acceptance, trust and service to God and God's community.

ST. LUKE'S FACILITIES MASTER PLAN

GROWING  
IN FAITH

### Growing in Faith

Early in 2008, St. Luke's congregation members are invited to participate in one or more conversations about the Facilities Master Plan and the Ministries Master Plan. This series of conversations will help direct us in our next years as a thriving congregation that leads with excellence in Worship, Music, Education, Stewardship and Member Care.

### St. Luke's Facilities Master Plan

Each generation of leadership at St. Luke's has adapted the building to meet current and future ministry needs. The congregation of the 1930s made bold decisions and sacrificial financial commitments during the years of the Great Depression to pay for the building they had envisioned for St. Luke's mission and ministries. The congregation of the 1960s experienced the dramatic growth of Park Ridge during the Baby Boom years and made the decision to build the Fox Hall addition to accommodate the mission and ministries of the growing congregation. Forty years later, it is our turn as the congregation of the 2000s to embrace the vision and make the changes that will give our children's and grandchildren's generations a solid foundation upon which to continue Growing in Faith.

### Mission and Ministries Master Plan

St. Luke's has a strong history of excellence in Worship, Music, Education, Stewardship and Member Care.

Early in 2008, St. Luke's Congregation Council will engage in a Strategic Planning Process to build on our ministry strengths and plan for recommitment to and expansion of our ministries.

This process will:

1. Invite congregational participation in long-range ministries planning.
2. Explore the question "To what is God calling St. Luke's?"
3. Develop a Ministries Master Plan to guide St. Luke's during the next five to ten years.
